This commander learned the secret of the Karlsruhe's success from a German in one of the southern ports, who in an indiscreet moment passed the tip over a noggin of rum. The Booth liner's skipper has sent a full report to the British Admiralty.

"The Karlsruhe is always surround ed by four or five ships, either German supply vessels or captured boats that are swift and sure and manned by prize crews from the Karlsruhe," said the skipper, whose name obvibusly cannot be revealed.

"She lies in the centre of a hundred-mile web, with each of her auxillaries as outposts north, south, east tion about fifty miles away from the Karlaruhe and maintains this posttion, whether cruising or drifting.
